Business Anniversaries

Independence Day

The Fourth of July has officially been a federal holiday in the United States since 1941, but our treasured traditions go back to the 18th century. Representatives of the 13 colonies met in June of 1776 to weigh a resolution that would declare their independence from Great Britain. On July 2nd of that year, the Continental Congress voted for declaring its independence from Great Britain. Two days later on July 4th, the 13 delegates adopted the Declaration of Independence, drafted by Thomas Jefferson. Since that day in 1776 until now, July 4th is celebrated as the birth of American independence and festivities have long included fireworks, parades, town celebrations, family barbecues and gatherings.

The City of Crystal Lake, as it has done for many years, will again be celebrating the Fourth of July with its historic parade and beloved fireworks. The Independence Day parade will take place on Sunday, July 3 at 1:00 p.m. The fireworks will launch from Crystal Lake at dusk.

The parade will follow its historical 1.8-mile route that begins at City Hall (100 W. Woodstock St.), continues down Dole Avenue and ends at the Lakeside Festival grounds.

The parade is hosted by the Chamber of Commerce in partnership with the Crystal Lake Lions Club, the City of Crystal Lake, the Northwest Herald and Star 105.5. The Grand Marshal for the 2016 Independence Day Parade will be Mike Splitt, owner of InSync Systems. Mr. Splitt is an Ambassador and Crystal Lake Chamber Foundation Board Member. Mr. Splitt is the founding member of the Bob Blazier Run for the Arts, McHenry County Patriot Run and the Kiwanis Run for the Kids.

As you and your family celebrate the long weekend together, be sure to do so in a fun and safe manner. Enjoy the festivities and traditions that our nation has been celebrating for the last 240 years.

Happy Independence Day from the City of Crystal Lake!

FIRE RESCUE DEPARTMENT

Fireworks Safety

The Fourth of July is a fun time with great memories of family events. However, more fires due to fireworks are reported on that day than any other day of the year in the United States. Fireworks cause an average of 20,000 reported fires per year.

Before your family celebrates, make sure you know about fireworks safety.

- Go to a public fireworks show put on by trained professionals.
- Never give fireworks to children.
- Alcohol and fireworks do not mix.
- Do not use consumer fireworks!
- Keep a close eye on children at events where fireworks are used.
- After the fireworks display, children should never pick up fireworks that may be left over, as they may still be active.

Consumer fireworks include sparklers and firecrackers. In 2013, sparklers caused 41% of fireworks injuries. The tip of a sparkler burns at a temperature of more than 1,200 degrees Fahrenheit, which is hot enough to cause third-degree burns. Little arms are too short to hold sparklers. Let your young children use glow sticks instead. They can be just as fun, but they don't burn at a temperature hot enough to melt glass.

** Information provided by the National Fire Protection Association and The National Council on Fireworks Safety, Inc.

Thunder Storm Safety

Most lightning strike deaths occur during June, July, and August. If you hear thunder, take shelter immediately. There is no safe place outside in a thunderstorm. Take shelter in a substantial building or hard-topped car as soon as you hear thunder.

People still rely on outdated lightning safety rules, such as taking shelter only if you can't count to 30 between seeing the lightning strike and hearing thunder.

According to the National Weather Service (NWS), on average 50 people are killed and 1,000 people are injured by lightning in the U.S. each year. Most victims were outdoors in an open area or taking part in an activity near water, such as fishing, boating, or swimming.

While less than 10 percent of people struck by lightning are killed, many lightning strike survivors suffer various degrees of disability. Only a few lightning strike victims suffer burns, and these are usually minor. Many lightning strike survivors are left with debilitating life-long effects, including memory loss, personality changes, fatigue, irreparable nerve damage, chronic pain and/or headaches, difficulty sleeping, and dizziness.

The Illinois Emergency Management Agency and the NWS offer the following tips for staying safe when thunderstorms approach:

Outdoor lightning safety tips:

- No place outside is safe when thunderstorms are in the area.
- If you hear thunder, lightning is close enough to strike you.
- When you hear thunder, immediately move to a safe shelter.
- Safe shelter is a substantial building or inside an enclosed, hard-topped vehicle.
- Stay in the safe shelter at least 30 minutes after you hear the last clap of thunder.

If there is no safe shelter anywhere nearby:

- Seek lower elevation areas.
- Never use a tree for shelter.
- Immediately get out and away from pools, lakes, and other bodies of water.
- Stay away from all metallic objects (fences, power lines, poles, etc.).
- Do not raise umbrellas or golf clubs above you.

Also, do not hesitate to help someone who has been struck by lightning. Victims do not carry an electrical charge. The surge of electricity through a lightning victim's body causes cardiac arrest in most fatalities, so immediate medical attention is critical. If the victim does not have a pulse and is not breathing, administer CPR immediately.

Remember: "When Thunder Roars, Go Indoors"!!

*Information obtained from Illinois Emergency Management Agency

Crystal Lake Police Department

Happy July 4th!

As you celebrate this holiday weekend please be safe and designate a sober driver. Friends don't let friends drive drunk. Additional Crystal Lake Police Officers will be participating in the Illinois Department of Transportation's Traffic Enforcement Campaign during the holiday weekend.

Upcoming Events

The Texas Roadhouse Benefit Lunch, one of many events in support of the Special Olympics Illinois, is celebrating its 6th anniversary. This event is dedicated to helping bring awareness and raising funds for the thousands of Special Olympics athletes. Through Special Olympics Illinois, athletes enhance their physical fitness and motor skills, self-confidence, self-image, friendship and social skills.

On Friday, July 29, 2016, from 11:00 a.m. to 2:00 p.m., dine in at the Crystal Lake Texas Roadhouse, 835 Cog Circle, where tables will be served by several uniformed Crystal Lake officers.

Donations collected from the event will provide significant support to the mission.
See You Soon!

National Night Out (NNO) National Night Out is held on the first Tuesday in August. The purpose of the event is to bring residents and their local law enforcement agency together for a fun-filled night and to make a stand against crime. This year's event will be held from 5:00 p.m. to 8:00 p.m. at Three Oaks Recreation Area, 5517 Northwest Highway, Crystal Lake. There will be face painters, slides, free bicycle helmet sizing and give aways, food, and much more. The event is free!

Temperatures are rising. We've already experienced some very warm summer days. Don't forget the little ones and furry friends in the back seat of your car. According to NoHeatStroke.org, from 1998 to 2015, 661 children died from what is known as child vehicular heatstroke. The major circumstance surrounding the deaths included 54% (356) of children who were forgotten by their caregivers and 29% percent (189) involved children playing in an unattended vehicle.

- Remember to check the backseat before you exit your vehicle.
- It's never a quick trip inside the store: You may become sidetracked, and the line at the checkout counter may be longer than expected.
- Temperatures inside a parked car rise rapidly (within minutes) even when outside temperatures might seem mild.
- Never leave children or pets in your vehicle.

Citizen Police Academy
The Crystal Lake Police Department is pleased to announce a Citizen Police Academy will be held in the fall. The Citizen Police Academy is a 12 week program that meets once per week in the early evening for up to 3 hours. Courses covered in the program include: Criminal Code, Patrol Operations, Vehicle Code, Communications, K-9, Crime Stoppers and much more. Interested participants can pick up an application Monday-Friday from 8:00 a.m. - 4:00 p.m. at the Crystal Lake Police Department, 100 W. Woodstock Street. Completed applications must be turned in by 4 p.m. August 15. Classes are expected to start on September 8, 2016.
Class size will be limited to between 10-20 students.

815-356-3620 Crystal Lake Police Department Non-Emergency

From clarke Mosquito Control

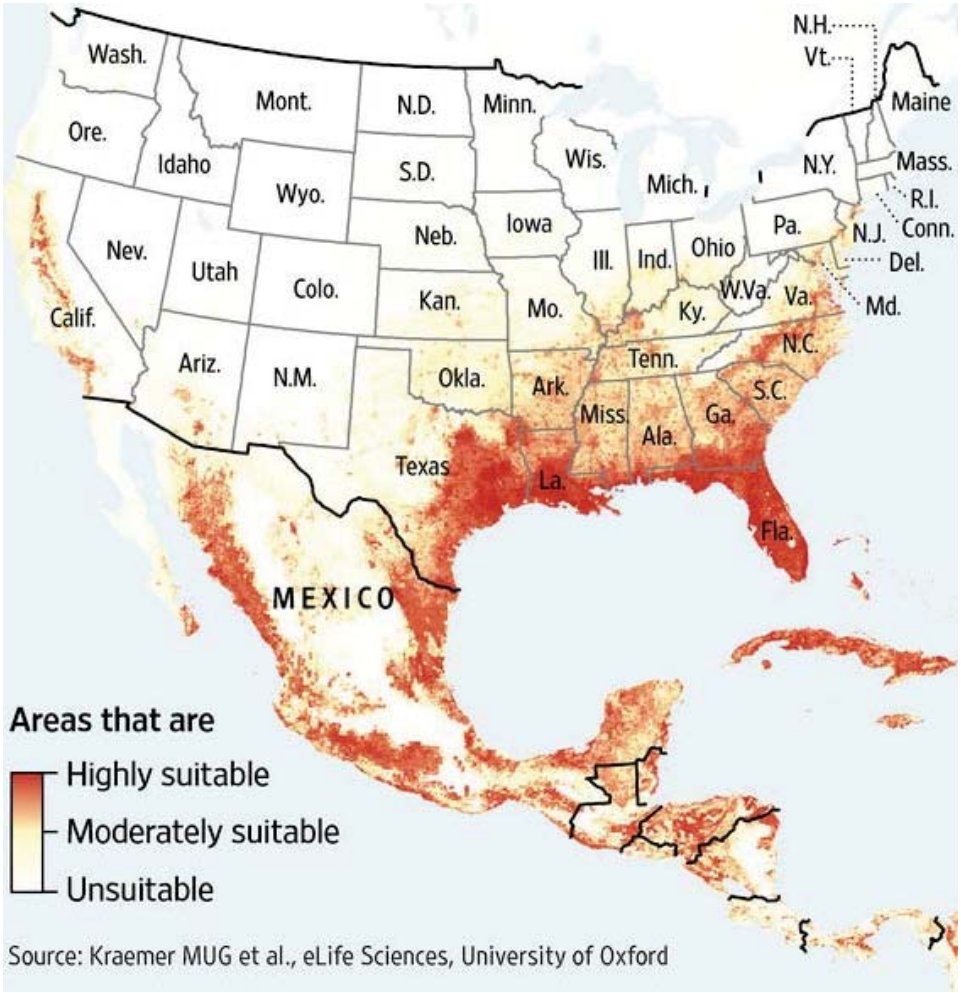

Understanding Zika Virus

Fact Sheet

Zika is a virus transmitted by the bite of the mosquito to humans ***and*** from human to human. Only 1 in 5 people infected with Zika will show symptoms such as fever, rash and joint pain. Zika has been linked to microcephaly in babies who contracted the virus from their mothers while pregnant. The **CDC** is also investigating a correlation of Zika with Guillain-Barré syndrome, an uncommon sickness of the nervous system.

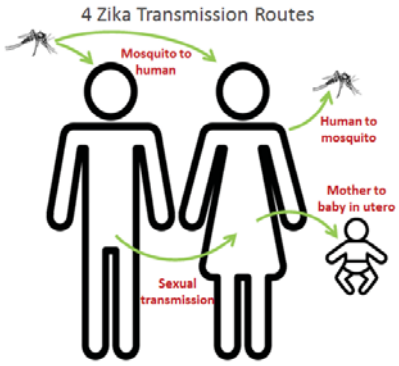

Should You Be Concerned About Zika?

- **First - are you in a risk zone?** *Aedes* species are not everywhere. There are two species, *Aedes aegypti* and *Aedes albopictus* that to the best of current knowledge are the only species capable of actively vectoring, or transmitting, the Zika virus.

- **Humans are reservoirs and can transmit Zika.**

This bears repeating. With nearly all other mosquito borne viruses humans are 'dead end' hosts, and do not transmit the virus. Not the case with Zika. If infected with Zika, **people can transmit Zika four ways:**

- **Sexual transmission** from a man to a woman
- **Blood transfusion**
- **In utero** from an infected mother to fetus
- **To biting female mosquitoes**

To date, the human cases you have read about in the U.S. to date have all been 'imported' travel cases, i.e. the individual had traveled to South America, was bitten there and became symptomatic once returning to the states.

- **Not your West Nile mosquitoes**
  - Both *Aedes aegypti* and *Aedes albopictus* like to **lay eggs in *very* small amounts of water**. That's how they earned their 'container breeder' nickname -- you can find their eggs in items as small as a bottle cap. They love standing water, therefore any type of container is a potential breeding site, e.g. Trays of flower pots, bird baths, standing water in gutters, downspout drains, rain barrels, still ponds, junk piles.
  - They **like to live in residential areas** and **bite during the day**. . . just the opposite of the night-biting mosquitoes that can carry West Nile Virus.
  - In fact, *Aedes aegypti* **prefer to rest inside at night.** Leave your garage door up? That's a wide open invitation to *Ae. aegypti*. Carports, sheds and other out buildings are all desired resting spots too.

Everyone Needs to Fight Zika Together.

If you live in an area where *Aedes aegypti* or *Aedes albopictus* are found, you need to do your part to keep your property free of potential breeding sites. Remember – these species like to lay eggs in as little as a teaspoon of water and can hatch in just 3 to 4 days. More importantly, the **Aedes mosquitoes that breed in your yard generally stay near your yard** – reducing breeding spots helps protect your family.

- **Be Zika free, check every three.** **Every three days**, residents should check their yards for potential breeding sites.

Tip and toss water found in:
- Flower pot trays
- Planter boxes
- Bird baths
- Kiddie pools
- Sandbox and yard toys
- Wheel barrows
- Watering cans

Remove trash or junk from yard that can hold water:
- Abandoned tires
- Trash / Trash Cans
- Unused lawn furniture or grills
- Cans
- Bottles
- Food containers
- Lids

Check gutters and drain tubes (especially ridged tubing)

Treat rain barrels with a larvicide from hardware store or nursery

the QUARRY
CABLE PARK & GRILLE

In 2014, the owners of the Quarry Cable Park and Grille approached the City of Crystal Lake with an idea to build a cable wakeboard park on the North Lake at the Three Oaks Recreation Area. The owners agreed to build and operate the facility at its own cost through a lease agreement. We encourage all residents to enjoy this special and unique amenity. The cable park will be another reason why Crystal Lake is not only a great place to live, but also to play!

The Quarry Cable Park and Grill Contact Information

Since the Quarry Cable Park and Grille is a private entity, you will need to contact them directly for information at:

Phone:	(815) 455-9688
E-mail:	ride@thequarrycablepark.com
Website:	www.thequarrycablepark.com
Facebook:	The Quarry Cable Park & Grille
Twitter:	@shredthequarry
Instagram:	@shredthequarry
YouTube:	The Quarry Cable Park & Grille

Invitation from the Owners of the Quarry Cable Park and Grille:

"The Quarry Cable Park & Grille, located on the North Lake of Three Oaks, is a 32-acre cable wake park that perfectly complements all that the Three Oaks Recreation Area has to offer. Entrances to the facility are located on Route 14 and on Main Street. The Quarry utilizes the cutting-edge Sesitec Full-Size Six-Tower Cable System (a full loop course with jumps and features for experienced riders) and two Sesitec System 2.0 Two-Tower Cable Systems (straight courses primarily for beginners). This overhead cable system eliminates the need for a boat, allowing for a more secure learning environment with constant supervision and accurate speed control. More experienced riders can practice their skills on our 12+ features floating in the water!

Stay a little longer and enjoy the lakefront tap & grille serving elevated comfort food, fire pit, live acoustic entertainment, sand volleyball, baggo, and open-air yoga. Guests can also enjoy the views from our event space & balcony, browse the pro-shop or relax lakeside on the sand. While promoting recreation and relaxation, The Quarry aims to provide a new approach to staying active for visitors near and far and invites everyone to unearth their potential."

Special instructions:

- Non-Residents of Crystal Lake must pay a parking fee of $5.00 to enter Three Oaks Recreation Area.
- Season passes, multi-ride passes and gift cards are available at: www.thequarrycablepark.com/shop.
- Riders must have a signed waiver on file before hitting the cables. Waivers are available online at www.thequarrycablepark.com and in the pro-shop at The Quarry.
- Feel free to bring your own cable wakeboard, helmet and/or U.S. Coast Guard approved life vest (rentals are available, too!)
- Don't forget to pack your sunscreen and towel!

Business Anniversaries

Waggoner Law Firm – 25th anniversary

The Waggoner Law Firm was created in 1991 by family members David, Greg and Lisa Waggoner. The firm is one of many successful law firms located here in Crystal Lake. The Waggoner Law Firm members have held positions on governmental, business and community Boards and Commissions that work to improve the lives of members in our community.

Colonial Cafe – 30th anniversary

Colonial Café has been a fixture in the Fox Valley area since 1901 and is celebrating its 30th anniversary here in Crystal Lake. Colonial Café was first located in the former Golden Bear restaurant in front of Crystal Point Mall before it moved to its current location. Colonial Café is best known for its world famous Kitchen Sink – can you eat a whole Kitchen Sink?!

Andy's Restaurant – 35th anniversary

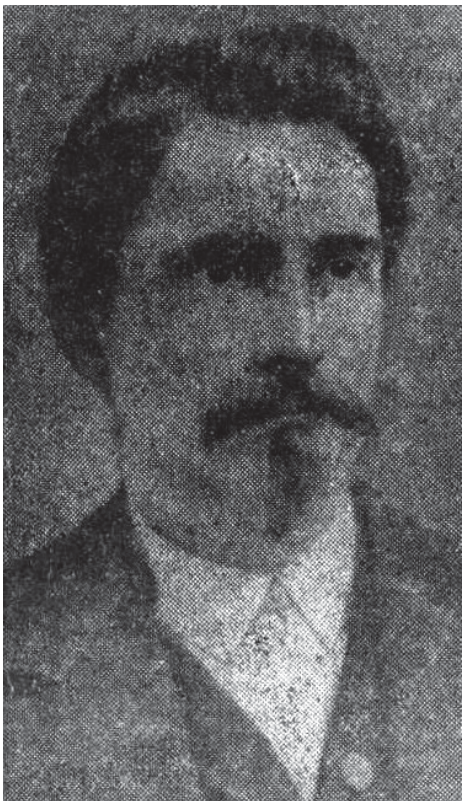

Andy's Restaurant was founded in 1981 by Andy Piculas and is still family owned and operated. Andy's Restaurant has been recognized as one of the best breakfast places in the County after receiving a Best of the Fox Award. Andy's is known for its family-friendly atmosphere and reasonably priced food.

Is your business celebrating a landmark anniversary of 20 or more years? We would love to help you celebrate!

Nunda Lodge No. 169 Ancien

The oldest fraternal organization in Crystal Lake is probably one of the least known and least understood groups. Nunda Lodge No. 169 Ancient Free and Accepted Masons was started in 1855 – yes, you read that right – **1855**.

A fraternal organization is defined as a "brotherhood or a type of social organization whose members freely associate for a mutually beneficial purpose such as for social, professional or honorary principles." The singular purpose of Freemasonry is to *make good men better.* Freemasonry is open to all men of good character who believe in God. Freemasonry is not a religion. Rather, its members are encouraged to practice their own faith and are taught tolerance of each others beliefs.

Freemasons are united in their desire to be of service to mankind.

Freemasonry admits only men, but many Masonic-related organizations, such as the Eastern Star, Amaranth, Job's Daughters, Rainbow for Girls and DeMolay for Boys, offer similar opportunities for women and youth.

On April 7, 1855, a meeting was held under dispensation granted to empower nine Master Masons to form a new Lodge in Nunda. Those nine men were: James R. Mack, Horace Burton, William R. Willard, E.J. Kelsey, A.H. Nixon, Harley Green, Abner Mack, Gustavus A. Palmer, and James S. Anderson. Bylaws were adopted, and James R. Mack was elected Worshipful Master.

According to lodge history, the first meetings were held at the home of Horace Burton, near Griswold Lake. For a few years, the meetings were held in the newly-built brick home of G.A. Palmer (commonly known today as "The Colonel Palmer House"). Eventually, the lodge meetings moved from its members' homes and into a location in town. Fire on February 1st, 1868 destroyed the building in which the Lodge held its meetings. Nothing was saved except the minutes and records. The original Charter, which hung on the wall was destroyed in the flames. A duplicate Charter was later reissued.

Meetings were once again held at G.A. Palmer's home for a year until the Lodge could arrange for a new place to meet in town. The Lodge rented space on North Main Street (just north of Beardsley Street). In 1907, the Masons moved to the second floor of the recently constructed Town Hall (corner of North Main and Beardsley). The Mason's continued meeting in this space until 1960.

t Free and Accepted Masons

By Diana Kenney

The Lodge roster of members since 1855 includes hundreds of men who were pillars of our community. The list includes lawyers, judges, doctors, politicians, businessmen, educators, and more. Names like Gates, Cowlin, Pflueger, McCollum, Dean, Fanter, Flagg, Franz, Pingry, Lowell, Metropulos, Oehmke, Palmer, Svejcar and Clow fill the books. It is virtually a "Who's Who" of our community.

By the late 1950s, the Lodge had definitely outgrown its rented space above City Hall. At the same time, St. Paul's United Church of Christ's congregation was making plans to move to a new church building on Woodstock Street. St. Paul's historic church at the corner of Ellsworth and Sherman Streets became available, and a deal was struck. In June, 1960, Worshipful Master Keith Oehmke accepted the keys to the Lodge's new home.

The men quickly went to work with member Hilding Olson being appointed chairman of the remodeling committee. The old St. Paul's Church was transformed to suit the needs of the Masons and their affiliated groups. The upstairs meeting hall (former church sanctuary) is used for the group's formal meetings, while the downstairs provides room for fellowship, food, and recreation.

More than 160 years after its founding, the Nunda Masonic Lodge No. 169 continues today. The group sponsors youth programs, offers support to its members in need, and reaches out to the larger community by hosting sailors from Great Lakes Naval Station at Thanksgiving.

The Masonic square and compasses emblem with the letter G inside serves as a reminder that every act is done in the sight of the Great Architect of the Universe.

About the Author: Diana Kenney is Executive Director of Downtown Crystal Lake/ Main Street, is an appointed member of the City of Crystal Lake's Historic Preservation Commission, and is President of the Crystal Lake Historical Society.

Reminders and Updates

Senior Citizen Residential Water and Sewer Billing Discount

Senior Citizens are eligible for a 20% residential water and sewer billing discount on the first 5,000 gallons of water used per month. In order to qualify for this discount, the senior must reside at the Crystal Lake address requesting the discount and must be age 65 or older. The water and sewer account must also be in the senior's name.

Applications for the discount must be received by the 20th of the month to be applied to the next billing cycle. Proof of age is required.

For more information, contact the Finance Department at 815-459-2020.

Do you want to view your water bill without waiting for the mail carrier?

The City of Crystal Lake offers a free service that allows customers to view their water bills online, as well as view their water usage and payment history. Register for this free service today at: https://crystallake.merchanttransact.com. Registration requires that your name be entered exactly as it appears on your water bill. While you are there, you can also elect to pay your water bill online, eliminating the need to buy stamps.

NEW! Auto Pay Option: Residents now can choose the Auto Pay Option and when you sign up, every month the total balance will be paid using either a credit card or e-check on the due date. Simply register your account online and choose the Auto Pay Your Bill option. You will still receive a bill or ebill every month and it will state that auto payment is set up on your next bill.

If you have questions about the City's online payment options, please contact the Finance Department at 815-459-2020 or via email: Finance@Crystallake.org.

City of Crystal Lake Vehicle Stickers

Vehicle stickers for 2016-2017 are available at City Hall, 100 W. Woodstock St. and are available from 8:00 a.m.-5:00 p.m. Monday through Friday. City (passenger only) vehicle stickers are also available for purchase at the below listed satellite locations during their business hours, until July 15. Residents now also have the option to purchase their vehicle stickers online at: www.crystallake.org.

American Community Bank	381 S. Main St.
Crystal Lake Public Library	126 W. Paddock St.
First Midwest Bank	170 N. IL Route 31
Home Depot	4447 U.S. Route 14
Jewel Food Store	6140 Northwest Highway
Joseph's Marketplace	29 Crystal Lake Plaza
Julie Ann's Frozen Custard	6500 Northwest Highway
Lloyd's Paint n' Paper	73 N. Williams St.
Walgreen's	151 W. Northwest Highway
West Suburban Currency Exchange	3 Crystal Lake Plaza

Residents are required to purchase City vehicle stickers and display them in the lower passenger side of their vehicle.

Pre-printed forms were mailed out at the end of May. If you did not receive a pre-printed form, you must show proof of vehicle ownership.

July 15 is the last day to purchase vehicle stickers at the regular rate. After July 15, the prices will increase:

	Through 7/15	After 7/15	After 10/1
Passenger/Trucks with B Plates	$10.00	$15.00	$22.50
Motorcycle/Mopeds	$10.00	$15.00	$22.50
Trucks with RV Plates	$14.25	$21.38	$32.07
Trucks with D Plates	$20.00	$30.00	$45.00
All other	$30.00	$45.00	$67.50

Contact the Finance Department for any questions or concerns: 815-459-2020 or finance@crystallake.org.
