City of Crystal Lake

C/O Dynegy Energy Services
1500 Eastport Plaza Dr.
Collinsville, IL 62234

Dear City of Crystal Lake Resident,

This notice is informational only. Your electric utility has informed us that you are currently served or have chosen to be served by a competitive retail electric supplier. If you want to continue to receive service from your chosen supplier, you do not need to take any additional action. Consult your contract or contact your chosen supplier for further details if you have questions about your contract, including whether you have a cancellation fee for early termination.

As you may recall, an electric municipal aggregation program ("Program") is currently on-going in the City of Crystal Lake. Because you already take your electric supply service from a competitive retail electric supplier (or have an application pending to take your electric supply service with a retail electric supplier), you were not included in the opt-out process for the Program. However, you are not precluded from joining the Program. This letter is being sent to you solely for informational purposes so that you may be informed of all your electric supply options.

Dynegy was chosen by the City of Crystal Lake as the retail electric supplier for the aggregation program for July 2017-October 2018. Dynegy is an independent seller of power and energy service and is certified as an Alternative Retail Electricity Supplier by the Illinois Commerce Commission (ICC Docket No. 14-0336).

PROGRAM DETAILS

- Rate for the Traditional Power Program are **$0.06748 per kWh** and is guaranteed until **October 2018**.
- Rate for the Renewable Power Program are **$0.06939 per kWh** and is guaranteed until **October 2018**.
- There is no enrollment, switching or early termination fee.
- This is a firm fixed all inclusive rate.

Before enrolling in the Program, you should compare the City of Crystal Lake aggregation rate to the rate you are currently paying for electric supply to determine if you would benefit from participation in the Program. You should review the terms and conditions associated with your current electric supply, or check directly with your current electric supplier, to determine if there are any penalties or fees associated with an early termination of your current electric supply agreement. Additional information to help you evaluate your supply options can be found on the Illinois Commerce Commission's Plug In Illinois website: www.pluginillinois.org.

IF YOU CHOOSE TO PARTICIPATE

If you choose to participate in the aggregation program, you may do so by calling Dynegy at 844-351-7691. Please refer to **account number #** when contacting Dynegy about this program.

If you have questions or need additional information about Municipal Aggregation or Dynegy, please visit www.Dynegy.com for FAQs and community specific information. Dynegy Customer Care is available 8:00am to 7:00pm Monday through Friday at 844-351-7691 or via email at DESCustCare@Dynegy.com.

Sincerely,
City of Crystal Lake
