Manufacturing Mitigations

Beginning 12:01 a.m. on Friday, November 20, 2020

- Additional COVID training for all employees required even if previous training occurred
  - A recommitment to Safety Webinar Download
  - Safety Plans for Reopening your Workplace Webinar Download
- Operators should coordinate with IDPH to implement testing protocols and contact tracing, upon request, consistent with available testing supplies
  - Link to IDPH
- All employees must wear face coverings at all times unless eating or drinking. Exemptions only for safety purposes.
  - IDPH Face Covering Do's and Don'ts
- Only manufacturing staff and key personnel allowed in facilities. Non-production employees must work remotely. Non-essential staff and visitors are not permitted. Exemptions only for critical equipment repairs, supply deliveries and safety reasons ("critical visitors").
  - Lead a Remote Work Team Webinar Download
  - Create a Secure Remote Work Environment Webinar
- All critical visitors must have an Employee Health and Safety (EHS)-approved risk-assessment done in advance, including travel history, tracking, and temperature check prior to entrance.
  - Managing EHS Issues During the COVID-19 Pandemic Webinar Download
- Implement additional workstation realignment when feasible
  - Coronavirus: How Manufacturers Can Prepare & Plan for COVID-19 Blog
- Stagger and space shifts, and designate shift entrances and exits (when possible) to minimize interactions of employees across unique shift groupings
  - Revisit the Recovery Guide
- Station sanitation required at beginning and ending of shifts
  - Protecting your workforce: Industrial Hygiene Solutions Webinar Download
- Operators must suspend covid-related incentive pay and promote staying home when sick or showing symptoms
  - Are Your Risk Plans Updated for the Next Disruption? Webinar Download
- Implement temporary leave policies to accommodate workers who are sick
  - Contact Manufacturing Helpline to Discuss Specific Needs
- Develop and implement safety protocols for employee travel vans to promote spacing, require face coverings, temperature checks, air circulation, and vehicle sanitization
  - Revisit the Recovery Guide
