City of Crystal Lake

Memorandum

To: All Employees Eligible for Health Insurance

From: Julie Meyer, Director of Human Resources

Date: May 17, 2022

Re: Retiree Health Insurance

For those employees who are contemplating retirement within the next benefit plan year and who are eligible and wish to continue participating in the City's health insurance at the time of retirement, please keep in mind that only those dependents who are covered on your health insurance the day of your retirement, are eligible to continue participation as a retiree dependent. In other words, dependents may not be added to your health insurance plan upon or after retirement.
