STRUCTURE FIRE – 8713 Pyott Rd

Crystal Lake, IL – At 1655 hours on January 15, 2024 the Crystal Lake Fire Rescue Department was dispatched for an inside smoke investigation located at 8711 Pyott Rd. While responding to the call, the call was upgraded to a working structure fire at 8713 Pyott Rd.

Initial reports advised heavy smoke conditions inside of 8713 Pyott Rd. Upon arrival on scene, fire crews located a vehicle on fire inside the structure and heavy smoke conditions. Fire crews extinguished the fire, evacuated smoke from the building, and searched for any fire extension. The fire was reported under control within thirty minutes of arrival and mutual aid resources were released from the scene.

A MABAS box alarm was initiated for additional resources. Mutual aid was received from the following departments: Algonquin, McHenry, Huntley, Woodstock, Fox River Grove, Cary, Wauconda, Carpentersville, Marengo, West Dundee.

The fire is under investigation with the assistance of mutual aid fire investigators..
