Sands Road between Three Oaks Road and Shopping Center Entrance to be closed starting June 30

Construction will be starting next Monday on the City's Three Oaks Road/ Sands Road/ Lutter Drive intersection project. This project will add turn lanes and a traffic signal at this intersection. Sands Road from Three Oaks Road north to a point approximately 1,000 feet north of the intersection will be closed during construction to reconstruct this section of roadway. The closure is estimated to last until November.

Access to the retail shopping center and residential subdivision near Northwest Highway (US Route 14) will not be affected. Three Oaks Road will remain open during construction. The detour route is Northwest Highway (US Route 14), Illinois Route 31 and Three Oaks Road. A detour map is attached.
