CITY OF CRYSTAL LAKE
LEAD SERVICE REPLACEMENT PROGRAM
OWNER CONTACT AND COORDINATION INFORMATION

- Please fill out the form below if you are interested in participating in the upcoming program. Final inclusion is not guaranteed or required.
- The work will take place on one day and will take between 6 and 8 hours to complete.
- Work will take place Monday through Friday between 7 am and 5 pm.
- Property Owner must make the property accessible
- The contractor is anticipated to start sometime in June, and will be installing the services over a 2 week period. Property Owners will need to schedule a time for the work within the 2 weeks that the contractor is on site.
- Each property must have someone over the age of 18 home at the time of the replacement to provide access to the interior of the home.
- The City's consultant, Fehr Graham, will contact you to schedule the work.

IMPORTANT: Property Owner is responsible for ensuring the work area around the meter is accessible before the work begins. This includes providing a minimum 6 foot by 6 foot work space immediately around the water mater and location the pipe enters the home. If enclosed, there must be at least one foot of clearance above, and cannot be more than 2 feet back. **Work will not be performed if interior area is deemed inaccessible.**
