PLAQUE

Attached is a photo of the design of the NRHP plaque proposed for the south wall of the Crystal Lake Chicago & North Western Railway Depot. The last NRHP plaque installed by the City of Crystal Lake was in 1985. The foundry company last used by City in 2023 is no longer in business since 2024.

Other details of the design for reference are

- The text and font on the plaque is as found in the attached photo.
- The shape is believed to be standard, 16 inches on the bottom and 12 inches in height.
- There is no corner rosette as the posting is hidden.
- The border or frame is as shown in the attached photo.
- The type font and size is as shown in the photo
- The background is natural and not leather as shown.
